#### **EXCAMPLE FROM FINLAND**

# **FUTURE: MORE AUTOMATION => DECREASING PRICE FOR CLIENTS OR MORE CONSULTING IN SAME** PRICE

#### SUMMARY

- Digitalization is accelerating
- Big investments are needed

- Standardization means bigger market for investors
- Megatrends will support our industry
- Entrepeneurs need help for financial and tax issues also in future, this will not change

### **OPPORTUNITIES FOR A SMALL OFFICE**

- Small companyes have many good opportunities like:
  - Differentiation by size, Industry or some other specific customer group
  - Be small and flexible
  - Be local expert

- From entrepeneur to entrepeneur
- One key things have to do well: digitalization first and it will start from the client point of view.
